

MMI

How do i access the Hidden Menu

For (D3)

The MMI is accessed by pressing the CAR and SETUP buttons on the center console at the same time for several seconds, however you may need to activate it first.

[See here for more information on activating and using the hidden menu](#)

For (D4)

Start Hidden Menu by simultaneously pressing Menu and Car for ~3-5 sec.

[See here for more information on activating and using the hidden menu](#)

Unique solution ID: #1001
